Tour of Port of Spain City

We start with a tour of the **City of Port of Spain**, which includes the downtown Financial area; the Magnificent Seven around the Queen's Park Savannah (7 stately homes built 1902-1910) and then up to the Lady Young Road look-out view of the city from the East. We then head up to the historical Fort George, for a view of the Coast of Venezuela, and on a clear day, the islands that dot the Gulf of Paria. From that vantage point you will also catch a view of Port of Spain from the West.

Guests can sit and relax before heading back down to the **House of Angostura** for a Tour and Taste. Angostura is Trinidad and Tobago's premier Rum Distiller and makers of the famous Angostura Bitters. Hear the History and see their Rum-making/Bottling process. You will also have the opportunity to meet either their Master Distiller or Chief Mixologist. Angostura products can be purchased from their in-house Company Store.

Lunch will be served at the Hyatt Hotel at 1:00 pm

Shopping Day

C3 Centre "C3" is Trinidad and Tobago's newest world-class shopping and entertainment destination. With over 650,000 square feet, it is one of the largest malls in the region, and it is owned and developed by Corinth Development Limited. Designed to be a complete family experience, C3 has the widest offering of shopping, health, entertainment, dining and conference options that is unrivalled; all in one convenient location along the Sir Solomon Hochoy Highway in Corinth, San Fernando.

C3 has been built in a unique architectural style that is both ultra-modern and multi-faceted to incorporate all our offerings. Locally designed and constructed, C3 stands proud on the undulating hills of the former Corinth Sugar Estate and is a bold statement in the community that was the birthplace of one of the country's most famous painters, Michel-Jean Cazabon, who was born on the estate over two hundred years ago.

C3 is a safe, fun and exciting destination where each and every member of the family will enjoy a rewarding and pleasurable experience. We invite everyone to come and experience the only place to be, C3!
