

December 21st 2021

ADDENDUM 1- JPS RFP#903638

The purpose of this addendum is to provide feedback to the following:

1. Can a site visit be accommodated? **Answer: Yes, the Station is willing to facilitate a site visit. Note however, that this Unit may be in operation during the site visit and there may be limited access to the equipment. This may be done on December 23rd, 24th or 27th between 8:00am and 5:00pm (Jamaica Local Time)**
2. The deadline for the tender is an impossible one. Can the new deadline be January 28, 2022, on or before 11:59 pm? **Answer: Regrettably, we are unable to grant any deadline extensions owing to the established start date for the project; February 28th 2022.**
3. Is the list of materials in the table, appendix 5, page 36, a complete list or a list generated by the current service providers? **Answer: Same represents the completed list of materials required for the project scope.**
